

## Acknowledgments

The CEC and ICMC Boards wish to thank our patrons who have contributed to the 2025 CEC/ICMC Conference.

### CONFERENCE PATRONS

- Blufors
- Cryofab, Inc
- Cryomagnetics, Inc.
- Danaher Cryogenics LTD
- FAMU-FSU College of Engineering
- Lihan Cryogenics Co., Ltd.
- Linde Kryotechnik AG
- National High Magnetic Field Laboratory
- Scientific Instruments
- Sumitomo (SHI) Cryogenics of America, Inc.
- 3M

### EXHIBITORS

- |                                     |  |
|-------------------------------------|--|
| • Air Liquide                       | • Honeywell                                  |
| • Alkegen                           | • Hyper Tech Research                        |
| • American Magnetics, Inc.          | • ICEoxford                                  |
| • AMPO POYAM VALVES                 | • INOX INDIA LIMITED                         |
| • attocube systems Inc.             | • Lake Shore Cryotronics                     |
| • Barber-Nichols                    | • Lihan Cryogenics                           |
| • Beyond Gravity Austria GmbH       | • Linde Kryotechnik AG                       |
| • Blufors                           | • MEYER TOOL & MFG., INC                     |
| • Celeroton AG                      | • Montana Instruments                        |
| • Criotec Impianti                  | • NanoMagnetics Instruments Ltd              |
| • Cryofab, Inc.                     | • PHPK Technologies                          |
| • Cryogenic Limited                 | • Quantum Technology Corp.                   |
| • Cryogenic Specialty Manufacturing | • Scientific Instruments                     |
| • Cryomagnetics, Inc.               | • Stirling Cryogenics Inc.                   |
| • CryoTechnics                      | • Stöhr Armaturen                            |
| • CRYOWorks                         | • Sumitomo (SHI) Cryogenics of America, Inc. |
| • Cryoworld BV                      | • Sunpower                                   |
| • Danaher Cryogenics LTD            | • VELAN                                      |
| • D.A.T.E.                          | • WEKA AG                                    |
| • Demaco Holland BV                 | • Wessington Cryogenics                      |
| • Edwards Vacuum                    |  |
| • ENERPROJECT SA                    |  |

Producing the **Open Access IOP Conference Series: Materials Science and Engineering (MSE)** requires the dedicated effort of many individuals. The quality of the publication relies on the dedication of those who took time from their busy schedules to review and edit papers. The Boards wish to specifically acknowledge the efforts of Centennial Conferences for their editorial support, and the chief technical editors, Ram Dhuley (CEC) and Balu Balachandran (ICMC). Their contributions to ensure a quality publication in a timely manner are greatly appreciated. The chief technical editors are

indebted to the individual technical sub-editors for their time spent with reviewers and authors to get the final manuscripts ready for publication. The Boards also wish to thank all students and post-doctoral researchers from a number of universities for their service with the initial format checking of the papers submitted for peer review.

CEC/ICMC 2025 was managed by Paula Pair and Centennial Conferences. Recognizing this is a tremendous team effort, the Boards would especially acknowledge, in addition to Paula, all her staff – Annett Cady, Troy Christensen, Andrea and Paul Crangle, Brion Jacobs, Andrew Kahl, Carrie Lian, Alicia Orcutt, Sydney Pair, and Christina Tomhave – for the fantastic job they did wonderfully.

We also would like to recognize the effort and dedication of the attendees in preparing their presentations and papers and showing the professionalism and enthusiasm that makes the CEC/ICMC such a great Conference time after time.
