Exhibitor Prospectus

CRYO EXPO 2027

The 2027 Cryogenic Engineering Conference and International Cryogenic Materials Conference (CEC/ICMC 2027) will take place June 13–17, 2027, at the Knoxville Convention Center in Knoxville.

Held in conjunction with the technical conference, **CRYO EXPO 2027** will bring together scientists, engineers, researchers, manufacturers, and service providers from the worldwide cryogenic engineering and materials community.

This exceptional exhibition provides a valuable opportunity to showcase your company's latest products, services, technologies, and innovations to a highly targeted audience involved in cryogenic research, development, and application. Exhibitors will benefit from direct interaction with researchers and decision-makers from industry, universities, government laboratories, and private research organizations who influence and make purchasing decisions for their institutions.

CRYO EXPO 2027 and all technical sessions will be located within the same facility, maximizing attendee traffic and exhibitor visibility throughout the event.

The exhibition will begin on Sunday, June 13, and conclude on Wednesday, June 16, 2027. The exhibit hall will be strategically arranged to encourage strong delegate engagement during poster sessions, refreshment breaks, and the Welcome & Exhibitor Reception.

Don't miss this opportunity to connect with leading professionals in cryogenic engineering and materials science from around the world.

The kit will contain all necessary information required for ordering services from GES and the Knoxville Convention Center. All selected ancillary suppliers and will outline shipping, drayage and material handling instructions and include pre-printed shipping labels.

Booth furnishings, graphics, rigging, audio visual, electrical services, and other fee-based show services can be ordered from GES and the Knoxville Convention Center using the service manual provided by GES.

SPECIAL REQUESTS

Nitrogen and Oxygen tanks are allowed on the event floor with prior approval by the Fire Marshal. Helium and Nitrous oxide tanks need to be removed prior to show opening. OSHA requires that all containers be properly labeled and display appropriate warnings. Tanks must be firmly secured in the upright position with valves protected against damage. Nitrous oxide and Oxygen tanks over 250 cubic feet are prohibited. Oxidizing gases (Oxygen or Nitrous oxide) in amounts in excess of 503 cubic feet may only be used in public assembly areas under permit for Hazardous Materials. Exhibitors displaying or using hazardous materials must submit notify **Centennial Conferences via email no later than Friday, March 5, 2027**. Any container not clearly labeled will be removed from within the Knoxville Convention Center, tested and disposed of at exhibitor's expense.

All special requests should be directed to **Centennial Conferences PRIOR** to completing the online booth registration. Special requests could be, but are not limited to, needs for cooling water and drains, electrical requirements to accommodate the use of a compressor, chemical mixtures, and liquid hydrogen. If your request can be accommodated and is approved, you will receive confirmation from Centennial Conferences via email and can then register online. Please also complete the Special Needs section during the registration process.

LODGING ACCOMMODATIONS

Attendees and exhibitors may reserve lodging accommodation at the location of their choice in Knoxville, Tennessee. CEC/ICMC 2027 will not designate or contract official conference hotels for the 2027 meeting.
